NEWSLETTER

I hope you are well and both enjoying the New Year as well as your time at our club. It is with great pleasure that I am happy to report that membership continues to increase with a high proportion playing squash including a thriving junior development scheme and thank you to all those involved, seeing junior leagues and in-house competitions is fantastic. The many minor improvements we are currently investing in will hopefully be a benefit to all but this year the committee is looking to not only continue with the court and gym upgrades but also hopefully have a lift installed, the latter will be subject to grant funding. Whilst the aforementioned is within our control and affordability we must all be mindful that everything is continuing to be increasingly more expensive and at a point in the future we will come out of our fixed fuel contracts, something that we must be ready for and it is therefore regrettable, but probably unavoidable, that our subscriptions and fees will need reviewing at this year's AGM. I would like to think that you would support, on the back of transparent accounts and forecasts, such actions if it meant your club could continue down our current path. As always I and the rest of the committee are always here to help and thank you for your continued support.
